SUMMARY

I am a recent Computer Science graduate from the International Islamic University Malaysia. My passion lies in mobile application development, particularly in Flutter, Dart, and SQL. Throughout my internship as an IT Assistant, I gained hands-on experience in full-stack mobile app development and database management. I also have a background in blockchain and web development from my final year project. I am actively seeking opportunities in mobile app development to contribute my skills to a dynamic team.

EXPERIENCE

IT Assistant Intern

03/2023 - 08/2023

MyWau ↗

- Uruz Mobile App :
- Key Performance Indicator (KPI) Module feature

Objective: Developed KPI features for the Uruz app.
